2. The Applicant, by its undersigned Authorized Representative, understands and agrees that Section 862 of the New York General Municipal Law provides for a prohibition on the types of projects that can benefit from the assistance of an Industrial Development Agency with respect to *a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost*. The Applicant, by its undersigned Authorized Representative, understands and acknowledges the following:
  - a. Less than One-third Project costs. Financial assistance of the agency may be provided in respect of any *project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute less than one-third of the total project cost*.
  - b. Destination project. Financial assistance may be provided to a project that is a tourism destination project (defined as a location or facility which is likely to attract a significant number of visitors from outside the economic development region as defined under New York economic development law, in which the project is located) *even if the project or facilities that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost*.
  - c. Not-for-profit operations. Financial assistance may be provided to a project where *facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost*, where the project occupant would, but for the assistance provided by the agency, locate the related jobs outside the state.
  - e. Unique services. Financial assistance may be provided to a project where *facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost* where the predominant purpose of the project would be to make available goods or services which would not, but for the project, be reasonably accessible to the residents of the city, town, or village within which the proposed project would be located because of a lack of reasonably accessible retail trade facilities offering such goods or services.

f. Highly distressed area. Financial assistance may be provided to a project where *facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost*, where the project is located in a highly distressed area. 3. The Applicant, by its undersigned Authorized Representative, understands and agrees that projects authorized pursuant to Section 2(d),(e), and (f), above, *shall not be approved unless the Agency shall find, after the public hearing* required by New York General Municipal Law, that undertaking the Project will serve the public purposes of the New York General Municipal Law by preserving permanent, private sector jobs or increasing the overall number of permanent, private sector jobs in the state. Where the Agency makes such a finding, *prior to providing financial assistance to the Project by the Agency, the chief executive officer of the municipality for whose benefit the agency was created shall confirm the proposed action of the agency.*
  
4. The Applicant, by its undersigned Authorized Representative, hereby represents that the project as described in the Application meets the following retail sale exceptions, as noted below and as described in Section 2, above, and further, acknowledges and understand that the approval of the chief executive officer of the municipality for whose benefit the agency was created may be necessary in order for the Agency to provide financial assistance to the Project:

Dear Mr. Ferraro:

The Village of Wilson is encouraged about the upcoming opening of the Woodcock Brothers Brewery in the old cold storage building on Lake Street, which has sat vacant for quite some time now. This project includes plans for a brewery, restaurant with catering services, and small shops.

This unique property sits across from the Wilson Historical Society complex and museum grounds and would provide a wonderful tourist destination for our community.

As you may be aware, our small community suffered a measurable loss last fall when Pfeiffer's plant closed resulting in jobs lost and decreases in our sewer and water revenues.

The Village of Wilson would appreciate any assistance your agency could possibly lend the Woodcock Brothers as they continue to move forward with their project.

Sincerely,

Patrick D. Kelahan, Mayor

Dear Mr. Ferraro:

The Wilson Town Board is very pleased and excited about the upcoming opening of the Woodcock Brother's Brewery in the old cold storage building on Lake Street in the Village of Wilson. As you probably know, this building has been unoccupied for a very long time. As you can well imagine, that along with the closing of the Pfeiffer's plant, has had a sizeable impact on our small community in jobs lost and decreases in our tax base.

We believe the Woodcock Brothers' plan for a brewery, restaurant and small shops is a perfect match for this unique building at this location, just across from the historic buildings on the Wilson Historical Museum grounds. The project would also most certainly be a boost to the Town's tourism industry.

The Wilson Town Board would very much appreciate any assistance your agency may be able to lend to the Woodcock Brothers as they move forward with their project.

Yours truly,

Joseph A. Jastrzemski  
Supervisor
